

March 2009

Look for Desert Dental Staffing at the Dental Convention!

If you are planning to attend the big Western Regional Dental Convention next week from March 12th through the 14th, please plan to stop by our booth for a free brief analysis of your DiSC[®] style. If you've been reading this newsletter every month, you know DiSC[®] is one of the best and most reliable methods I know of to build a team that works smoothly together. And that helps build a more successful practice. This is your chance to see the profiling process in action and to learn more about your own style. I'll look forward to seeing you at the Convention!

Quote of the Month

“Effective teamwork will not take the place of knowing how to do the job or how to manage the work. Poor teamwork, however, can prevent effective final performance. And it can also prevent team members from gaining satisfaction in being a member of a team and the organization.”

Robert F. Bales

Looking for Work or Looking for Staff - Desert Dental Staffing Makes the Match!

We know people! If you're looking for a job, we know people who want your unique skills and talents. If you're looking for staff, we know people who will be a great match to your team. Either way, Desert Dental Staffing specializes in placing the right person in the ideal job. We love success – for your practice or your career. Both matter to us.

Are Temps the Answer for YOU?

Temps. Temps. We have temps! Are you hesitant or unable to expand your staff on a permanent basis but still need help? Perhaps temporary staff is your answer. Our All-Star Temp Team only a phone call away, and just like our applicants for permanent jobs, every temp we place has been pre-interviewed and has received a Disc profile to make sure they will fit in your office. There is no reason for staffing concerns to add to your stress levels. Please give us a call today at 602-840-4703. Also, if you or someone you know is looking for temporary work, we'd love to talk to you about joining our team.
